

Florida Citrus Packers

a non-profit cooperative association

J. Peter Chaires
Executive Vice President

November 12, 2015

Mr. Duke Chadwell
Citrus Administrative Committee
411 East Orange Street
Lakeland, FL 33801-5054

Dear Mr. Chadwell,

The Florida Citrus Commission recently approved the reclassification of Temple and Nova. Effective November 25, 2015, both of these varieties will be classified into the tangerine/mandarin category. Florida Citrus Packers requests that the Citrus Administrative Committee relax the allowable size ranges for both of these varieties to match the other early tangerines.

Please let me know if any additional information is needed.

The Commission also classified the Orri, Tango, W-Murcott, US Early Pride, Lee and Osceola into the tangerine category. However, since the CAC does not regulate those, we assume that no action is required.

Sincerely,

Peter Chaires
